Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

HER FIRST ORDER.

St. Louis, Mo.—The first order which St. Louis' new policeman received when she went on duty last week was not to have her picture for publication. Miss Laura M. Kinkhead was the appointee, and her duty takes her into all sections of the city, looking after women who have been put on probation or parole. Miss Kinkhead secured her appointment by proving that a woman was needed on the police force. She investigated many cases for the police and in some cases the judges revoked paroles on account of the information she secured.

CANNERS HOLD ANNUAL CONVENTION.

Louisville, Ky., February 7.—The annual convention of the National Canners' Association opened here today, and nearly 5,000 canners are attending from all sections of the middle-west. The Wisconsin delegation is making a bid for the 1917 convention for Milwaukee.

A plant has been discovered in Cuba bearing fruit like figs in which flies lay their eggs, to be hatched by the sun.

RICH SMUGGLERS VS. POOR OXES.

New York.—In the records of the United States Circuit Court covering the proceedings in smuggling cases are to be found many instances verifying the oft-repeated statements that the poor smuggler goes to jail, while the wealthy offender is permitted to depart with a fine and a solemn warning. Here is a record of a few of the cases during the last six years:

The Duveens, for smuggling art merchandise worth \$1,000,000, fined \$50,000.

John R. Collins, for smuggling jewelry for Mrs. Helen Dwell Jenkins worth \$200,000, fined \$4,000.

Nathan Allen in the same case, amount involved \$200,000, fined \$12,000.

Mrs. Ada F. C. Adrance, wife of wealthy harvester manufacturer, for smuggling necklace worth \$12,063, fined \$17,063.

Mrs. Lavender B. Dunlap, wife of millionaire, in controversy over jewelry worth \$61,194, fined \$26,143.

P. Sebasta, Syrian, for failing to declare a harp, sentenced to seven months.

S. de Billis, for smuggling in twelve pairs of gloves, six months and fine of \$100.

Mrs. Itoberia M. C. Hill, for smuggling coat worth \$6,000. Fined \$2,000 and sentenced to three days. First woman smuggler jailed in this country.

LUMBERMAN ON TRIAL UNDER MANN ACT.

Chicago, February 7.—William R. Edwards, a wealthy lumberman from St. Paul, will be tried today in the United States District Court before Judge Keneshaw M. Landis, on the "white slave" indictment returned against him some two years ago. Edwards is charged with having transported one Ada M. Cox from Chicago to St. Paul.

An electric fire alarm siren invented by a Denver man has been heard seventeen miles.

MUST "PADDLE OWN KANUE"

Recruiting Sergeant Takes Heed of Warning, but Balks on the Instructions.

Pittsburgh, Pa.—Fearing that his runaway son would carry out an often expressed desire to enlist in the United States marine corps, Morris Kanue of Leopold, W. Va., has written to the local recruiting office of the "sea soldiers" as follows:

"U. S. Marine Corps, Pittsburgh, Pa.: I hereby warn you not to employ or hire my son, Anthony Kanue, as a submarine of the navy. He has run away from home and I think he has gone to Pittsburgh to enlist. He is only seventeen years old, in proof of which I am only thirty-nine myself. If he comes there while him within an inch of his life and send him back to me.

"His father, MORRIS KANUE,"
Sergeant Michael DeBoo, in charge of the Pittsburgh recruiting office of the United States marine corps, has assured the anxious parent that the boy will not be enlisted should he apply, but that "whaling" him is out of the question, and the father should "paddle his own Kanue."

BEGGAR GETS TWO MILLION

To Buy Back His Eyesight and Own Humble Home Is Now His Ambition.

Webb City, Mo.—To buy back his eyesight, to own a humble home which he now rents and to start a bank in Webb City are the three first ambitions of the Rev. Z. R. Cotton, a blind street beggar here, who today was told that he had inherited more than \$2,000,000, of which \$650,000 is cash, through the death of his only brother, Powell Cotton, two weeks ago at Richmond, Ark.

The blind man continued throughout the day soliciting alms at the post office door, but will leave shortly for Richmond and will stop at Tulsa, Okla., to consult a doctor who has assured him that for a stated sum, formerly fabulous to Cotton, his eyesight can be restored perfectly. Cotton has been blind since a sickness 22 years ago. He is sixty-three years old.

TO START CHICKEN FARM

Washington society has come to expect the unexpected from Miss Gladys Ingalls, daughter of the late president of the Big Four and other railroad systems, and so they were not surprised when it became "bruited about" Washington that she was to take up chicken raising in addition to her many other activities. Miss Ingalls is noted as a society leader, horsewoman, golfer and ardent Red Cross worker. She has already purchased the property near Hot Springs and erected the buildings for the brooding of her flocks.

GOATS IN ENGLAND POPULAR

Club Formed by a Clergyman to Encourage Raising of the Animals.

London.—This is the time, when milk is dear and supplies for the household are limited, that the picturesque and useful goat takes a higher position in the economic scale.

Goat keeping by the small holder has increased considerably since the war, and suburban residents, too, have found the ownership of a goat or two less troublesome and more profitable than pigeons, rabbits or even poultry. In the view, however, of Rev. A. C. Atkins, founder of the new National Utility Goat club, the keeping of goats for utility purposes should be more largely extended, and with this aim he is taking a census of all the goats in the country.

The hatching of eggs by artificial heat has been practiced in China and Egypt since prehistoric times, hager brick ovens being used in the latter country.

WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Many Aches and Pains of Maysville People.

As one weak link weakens a chain, so may weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys and generally when their activity is lessened the whole body suffers.

Aches and pains and languor and urinary ills frequently come, and there is an ever-increasing tendency towards dropsy, gravel or fatal Bright's disease. When the kidneys fail there is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys. Maysville testimony is proof of their effectiveness.

Mrs. S. Neal, 497 W. Second St., Maysville, says: "One of my family had a great deal of trouble from a lame back and weak kidneys. Doan's Kidney Pills made the patient better."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Neal recommends. Foster-McBurn Co., Props., Buffalo, N. Y.

for a Cincinnati firm, who spent several days last week with his parents, Dr. and Mrs. S. E. Politt, and canvassed the surrounding towns, returned to Cincinnati Sunday afternoon.

C. L. Mains, our worthy merchant, despite the loss caused by the sick individual who "put on over on him," still retains his cheerful disposition and with sunny smiles, caused by the fat checks rolling in from farmers who struck tobacco markets advantageously, will still "kid" them all—even to Dr. Henry.

RUSH

Or no rush doesn't make any difference with us.

You take no chances when you bring your Tobacco to us.

We are fully prepared to

Shelter It,
Unload It,
Sell It.

Last week was the rush week of the season: but every load that came to us was

Well Cared For,
Well Handled
and
Well Sold.

We did not have a dissatisfied customer and not a single wagon remained outside our Houses for a moment.

We are prepared to do what warehousemen should be prepared to do, and we do only what they should do, to-wit:

Sell Tobacco.

We are not engaged in Speculating. That is another and different kind of business. If we wanted to buy your Tobacco, we would, of course, want to buy it low, so we could later sell it at a profit. We give all our efforts to the

Growers of Tobacco

and are running our houses on a plan of co-operation that best serves their interests.

When you come to us you are sure of the BEST and you have lost something on every load that you fail to sell at either the

Home, Central, Farmers, Planters or Independent Warehouses.

It is unnecessary for the housewife to wear herself out bending over a kitchen table that is too low. A new table on the market can be raised or lowered from one to four inches. The price is reasonable.

VERY BUSY

We have been since the first of the year, but now the offerings having somewhat decreased, we hope to be able to take care of all who want to sell their Tobacco with us.

We are very sorry that so many were compelled to go elsewhere during the rush after making an effort to get in our house, and desire to thank them as well as those for whom we have made sales.

We feel the policy we have adopted of good treatment to both buyers and sellers without knocking our competitors, but attending strictly to our own business has contributed to our wonderful success.

The Health Alarm

often sounds first in the doctor's office when some healthy looking specimen of humanity, undergoing examination for life insurance, is told that his blood pressure is too high.

Increased blood pressure is no longer confined to old age; it is frequently found in men in their 40's who are otherwise healthy. In such cases it points to approaching degeneration of the arteries—a condition which in turn indicates those errors of diet that often end in various diseases of the stomach, kidneys, liver, nerves and heart.

Among those errors of diet is coffee drinking, because of the drug, caffeine, in coffee, the constant use of which weakens the walls of the arteries. Medical authorities now insist that in all cases of high blood pressure there must be a total abstinence from coffee, tea and other harmful beverages.

Hard to give up coffee? Not at all, when one uses instead the pure food-drink—

Instant Postum

This delicious beverage is made of wheat, roasted with a little wholesome molasses. It is then reduced to a soluble powder, a level teaspoonful of which with hot water makes a perfect cup instantly.

Instant Postum tastes much like mild Java coffee, but is absolutely free from the drug, caffeine, or any harmful ingredient. It does contain those vitalizing elements of the grain which make for normal balance of the system.
